ARTESSY RETURNS- SAVE THE DATE

We are excited for the return of Artessy. Artessy is one of our largest community events. The event will be held on Saturday, April 1, 2023, at Chariho Middle School.

We are planning fabulous displays of student artwork, student musical performances and drama.

We will also be highlighting our CHARIHotech pathways as well as activities with a focus on (Science, Technology, Engineering and Mathematics) STEM. We hope you will all join us for what is sure to be an outstanding day.

Chariho High School Chorus Benefit Concert

On November 9th, our Chariho Chorus led by Ms. Lynn Dowding, celebrated twelve years of teacher involvement in this concert. Music was selected from past concerts and it was an amazing evening for all those who participated and attended. We are proud of our students and impressed by their talent. There were 55 educators and alumni who participated. This was our largest educator and alumni involvement to date. The concert raised \$1500 for the Benefit Concert Scholarship Fund.

R I Comprehensive Assessment System (RICAS) Reports

During the week of 12/6 all students in grades 4-8 will receive a report that shows their results on the spring 2022 RICAS. This data provides us with information about how our students are doing in relation to the standards that we teach in mathematics and English Language Arts.

The Parent/Guardian report will present your child's score in a familiar format. It is important to note that RICAS results are only one measure of your child's performance and academic growth. There will be a QR code available to all families on the cover of the report. The QR code is a link to a video that explains your child's score. It is our recommendation that parents review this video prior to deciding if you want to share the video with your child.

We continue to work hard to improve student achievement and to ensure we close the gaps that have been created throughout the last two years.

As a district, we are committed to reviewing and analyzing our student data in order to create targeted action plans that will address our students' needs. Our goal is to continue to provide rigorous and comprehensive learning experiences for all of our students.

You can learn more about RICAS data by [clicking here](#). Please reach out to your child's teacher/teachers or principal if you have any questions regarding your child's assessment data or their RICAS data. We appreciate the continued support as we all work together to achieve academic success.

Recognitions

District Attendance/Residency/Truancy Officer Rich Longolucco for his 12+ years of service to Chariho. He began his career in 2004 as the District's first Officer. We wish him all the best in his retirement.

Tom Richardson from Narragansett will assume the position of Attendance/Residency/Truancy Officer on November 16. Tom has come HIGHLY recommended. He retired from the Providence School District as Dean of Central High School; worked for the Capitol Police and left that to accept a job at the RI Training School. All this he did after he retired from the North Providence Police Department - having worked for them for 24 years as an officer and then supervisor of the Detective Division, the Narcotics Division, the Prosecution Division and the Records Division before becoming Captain.

Tessa Azzinaro (High School Girls' Soccer) was named The Westerly Sun's Athlete of the Week for the week ending October 29, 2022.

School Committee Members: George Abbott, Ryan Callahan, William Day, Lisa Macaruso and endawnis Spears for their many years of service to Chariho!
