We will also be highlighting our CHARIHotech pathways as well as activities with a focus on (Science, Technology, Engineering and Mathematics) STEM. We hope you will all join us for what is sure to be an outstanding day.

The Chariho Health and Wellness Subcommittee is looking to increase membership of our parents. If you are interested in joining this subcommittee, please complete this [google form](#). Meetings are held quarterly. The next scheduled meeting is March 7th.

School Weather Closure Update

While our Virtual Learning plan has been approved by RIDE, it is important to note that RIDE has added requirements for virtual learning that differ from what students, parents, and families experienced over the last couple of years. As a result, it is more likely that the District will utilize traditional school cancellation days and only utilize virtual learning days if the snowstorms/inclement weather closures go beyond 2 or 3 days. Please **click here** to review the plan.

As a reminder, we have enabled our school text messaging feature for notifications. In order to participate in this service, you must first opt in by sending a text message of **Y** or **Yes** to our school's short code number 67587. Individuals who have not opted in will not receive text messages. You can opt out at any time by texting STOP to the messages.
