

CREDIT RECOVERY POLICY

The Chariho Regional School Committee acknowledges the importance of Credit Recovery as a vehicle by which to increase student achievement and encourage students to recover credits lost due to failure. Students are responsible for registering for Credit Recovery with the aid of appropriate personnel.

Chariho Credit Recovery will be offered at the discretion of the Chariho Regional School District.

B. For those students who are completing *proactive* credit recovery (remediating their grades before course completion), they can earn a maximum score of 70.
