

Chariho Regional School District

October 2023
E-Update

Chariho continues to work with all of our students to prevent bullying. We want to send a visible message that no child should ever experience bullying. We are asking all of our students and staff to WEAR and SHARE **ORANGE on October 18th** to come together in one giant message uniting our Chariho community for kindness, acceptance and inclusion.

We are also asking that all of our families talk with their children to ensure we all work together to support one another, treat others with kindness, be more accepting of people's differences and help include those who are left out. Remember it takes a village and we need your support.
