The Chariho School Bond ABC's

A

All Kids, All of the Time.
The School Bond on May 7th is the MOST fiscally responsible and educational sound plan for the students and families. It provides:

• 3 New Elementary Schools
• Main Campus Upgrades focused on Safety and security

This plan will ensure that our elementary schools will cost less to operate due to energy efficiencies and ensure our students have access to 21st century learning facilities.

B

Basic Needs*
If the Bond does not pass "Option B" will be to seek a bond in November to address basic needs for HVAC, Plumbing & Electrical. This option does not involve any new construction or major renovations to our aging elementary schools.

C

"Kick the Can"
Emergency needs only
If voters reject the May 7th bond and choose to also vote down "Option B" for basic needs the district will only be able to prioritize emergency needs.

NOTE*-If the May 7th Bond is not approved the District will be required to submit a new Stage II Application for elementary schools. Plan B or C does not include elementary renovations.
