II-3. NEA Chariho Notification to Negotiate

Superintendent Ricci stated that there is a clause in the NEA Chariho certified staff contract regarding notification of either party's intent to negotiate a successor contract. A copy of the letter from NEA Chariho notifying us of their intent to negotiate a successor contract was included in the packet. We will not begin negotiating this contract until we finish the ESP contract. Once we have ratified the ESP contract, we will begin discussion on the approach the Committee would like to take on this contract.

The Committee moved to discussion regarding a Memorandum of Agreement pertaining to Article 14 of the NEA Chariho Certified Contract.

Donna J. Sieczkiewicz, Clerk
