

CHARIHO

Chariho Regional School District

May 2018

Dear Students and Parents/Guardians:

Chariho 1:1 provides a MacBook Air to students in grades 9 – 12 and a Dell Chromebook to students in grades 5 – 8 with the goal of making full use of the tremendous potential of personalized learning. From interactive digital textbooks to apps which provide opportunities for personalized instruction and assessment, technological tools can have a significant and transformational impact. Our intent is that technology be fully available and embedded in the educational program.

These computers are the property of the Chariho Regional School District and are available to students to use both at school and at home. In compliance with our policies, we expect that students will be fully responsible for the care of these devices. Loss, damage, or malfunction must be reported to the Help Desk in the school library within twenty-four hours. Loss or damage resulting from failure to abide by this information or from willful neglect and destruction will result in full financial responsibility. Optional insurance is available for MacBook Air users. At some time in the future, these devices may become available for purchase by students and their families.

Please carefully review the Responsible Use of Technology Policy, Frequently Asked Questions, and the Expectations for Care of the Laptop, all of which can be found at www.chariho.k12.ri.us/1to1. Devices will not be issued until (1) there is evidence of understanding of this information, (2) students have been trained in the proper use of the device, and (3) this document has been signed. Students and a parent/guardian must attend an orientation session. Summer orientation information may be found on the Chariho website. Questions can be directed to Lori Bouchard lori.bouchard@chariho.k12.ri.us. **Please bring this form to the orientation session.**

Sincerely,

Barry J. Ricci
Superintendent of Schools

I have read and understand the Responsible Use of Technology Policy.

I have read and understand the Expectations for Care of Laptop.

I understand that loss or damage resulting from failure to abide by the above Policy and Expectations or from willful neglect and destruction will result in full financial responsibility.

I will immediately surrender the device upon request. I will return the device to the Library Help Desk or Main Office in the event that I withdraw from school. If I withdraw during the summer, I will return the device to the Technology Building behind the Middle School.

I understand that I have no expectation of privacy when using the District network and devices. (See Responsible Use of Technology Policy for privacy details.)

I understand that, from time-to-time, these policies and procedures may be updated, and that the most recent updates are available at <http://www.chariho.k12.ri.us/1to1>.
